NEW HORIZONS IN BIO-PROCESSING OF FOODS (NHBF-2011)

February 25-26, 2011

Family Name _____ First _____ Middle _____

Organization _____

Postal Address _____

Telephone No. (with city code): _____

Phone (Office) _____

Phone (Residence) _____

Fax: _____

E-mail: _____

Registration Fee Details _____

Demand Draft No. _____ Dated _____

I plan to make Oral/Poster presentation of the Paper
entitled _____

Accommodation Preference: _____

_____/_____/_____- _____

Date

Signature

Patron: **Dr. V. Sahni**, Director (SLIET)

Chairman: **Dr. B.C. Sarkar**, Professor (FET)

National Advisory Committee

- **Dr. R.C. Sobti**, Vice-Chancellor, PU, Chandigarh
- **Dr. M.S. Kang**, Vice-Chancellor, PAU, Ludhiana (Pb)
- **Dr. B.S. Bisht**, Vice-Chancellor, GBPUAT, Pantnagar (Uttarakhand)
- **Dr. A. K. Bakshi**, Vice-Chancellor, SVBPUAT, Meerut (UP)
- **Dr. A. K. Srivastava**, Director, NDRI, Karnal (Haryana)
- **Dr. R.T. Patil**, Director, CIPHET, Ludhiana (Pb)
- **Dr. K. Alagusundaram**, Director, IICPT, Thanjavur, (TN)
- **Dr. Rakesh Tuli**, ED, NABI, Mohali (Pb)
- **Dr. A.R. Sharma**, MD, A.P Solvex Ltd, Dhuri (Pb)
- **Dr. K. K. Singh**, ADG, (Engg.), ICAR, New Delhi
- **Dr. S.S. Marwaha**, CEO, PBTI, Mohali (Pb)
- **Dr. Ashok Pandey**, President, BRSI, NIIST Trivandrum (Kerala)
- **Dr. M.B. Bera**, OSD, GKCIET, Malda (WB)
- **Dr. M.K. Saluja**, Director, Open School of Agriculture, IGNOU, New Delhi
- **Dr. Jasvir Singh**, Manager (SRA), ITC Ltd., New Delhi
- **Dr. Himanshu Gupta**, Manager (CA), Nestle India Ltd., Gurgaon (Haryana)

PHULKIAN 0175-2212300, 2212400

National Conference on

NEW HORIZONS IN BIO-PROCESSING OF FOODS (NHBF-2011)

(February 25-26, 2011)

Organized by

Department of Food Engineering and Technology

Sant Longowal Institute of Engineering & Technology

(Deemed to be University)

(Established by Govt. of India)

LONGOWAL (Punjab), INDIA

The registration form may be sent to **Sh. Charanjiv Singh / Dr. Bahadur Singh, Jt. Secretary, NHBF-2011**

ABOUT THE INSTITUTE & LOCATION

Sant Longowal Institute of Engineering and Technology (Deemed-to-be-University) has been set up by MHRD, Government of India, with an aim to achieve technological excellence through innovation. It caters to the technical manpower requirements at various levels by adopting a new concept of modular system in imparting technical education with emphasis on practical training in industry. It offers certificates, diploma, B.E. and P.G. courses in various disciplines of Engineering and Technology.

The institute is situated at Longowal, around 8 km from Badbar, an important bus stop on Sangrur-Bathinda Highway. The institute is connected by road with Sangrur (18 km), Barnala (25 km), Ludhiana (110 km), Chandigarh (150 km), Amritsar (200 km) and Delhi (360 km). The nearest railway stations are Sangrur (18 km), Sunam (16 km) and Dhuri Junction (40 km). The nearest airport is Chandigarh.

DEPARTMENT OF FOOD ENGG. & TECH.

The department offers Certificate, Diploma, B.E., M. Tech. and Ph.D. programs in the area of Food Engineering and Technology. Besides teaching, faculty members are involved in active research work sponsored by institute, and various funding agencies like DST, AICTE, ICAR, CSIR, MHRD, and MOFPI in their respective field of interests.

CONFERENCE VISION

The potential of Biotechnology in the sustained development of our country has long been recognized. The impressive growth in this sector is due to constant, committed and target oriented research and development in the various disciplines of Biotechnology. There has been continuous and consistent efforts in exploiting the micro-organisms for the production of various value added products and processes such as food, feed, enzymes, antibiotics, organic acids, beverages etc. Biotechnology has been and still will be immensely beneficial for food processing industry, not only to improve the overall quality and safety of the products but also to enhance the commercial value for local consumption and export.

Quite a large number of academic and research institutes and universities are engaged in high quality research and the trend has been turning for industrial product/process oriented research. With consideration on this viewpoint, it was decided to organize a national level conference on bio-processing of foods covering the thrust areas of present day needs, which would bring together the researchers, policy planners and industries on one platform to explore the new business opportunities in food processing sector and to provide a promising opportunity for exchange of knowledge and interaction besides fuelling the thoughts of young researchers to listen, share and experience the knowledge of national level experts.

CONFERENCE OBJECTIVES

The conference endeavours to address the following objectives:

- Bioprocesses for value added products
- Bio-safety & Quality systems in food processing.
- Bio-preservation & bio-packaging of food products.
- Bio-management of agro-industrial waste.

CONFERENCE TOPICS

The core program will be divided between plenary lecture sessions on the major issues relating to the conference objectives and poster sessions that will be given prominence at discussion forums for new findings. Selected papers will be published in the conference proceedings and the authors are requested to address the problem related to the conference theme. The conference will discuss some major issues related to Biotechnological strategies in food processing sector such as

- Food enzymes
- Fermented beverages
- Fermenter design and bioprocess control
- Genetically modified foods
- Bio-preservation and bio-additives
- Pre- and Probiotics
- Downstream processing of products
- Bio-transformations
- Bio-fertilizers and bio-pesticides
- Bio-management
- Bio-safety and Quality assurance
- Biosensors

CALL FOR PAPERS

Representatives from the food, dairy and agricultural (including equipment and service suppliers), universities, research institutes, and national/international trade policy groups from all over the country are invited to participate.

The presentations shall consist: invited talks (20 min), oral contributions (10 min) and posters.

Authors should prepare their abstracts (Max. 300 words) in MS-WORD and mail them along with the REGISTRATION FORM and FEE before January 01, 2011 to the address overleaf. Abstract can be submitted by e-mail as an attachment. The registration form can be photocopied if required.

After acceptance of the abstract, two copies of the full paper along with a soft copy on a CD must reach the Organizing Secretary by January 20, 2011. The length of the full paper inclusive of figures, tables and illustrations should not exceed twenty pages (A4 size). Authors are advised to use MS-Word for preparing the manuscript. Engineering Graduates/ Postgraduate students/ research students are also invited to contribute the papers.

REGISTRATION

All the delegates to the Conference must register to present paper/ poster or to participate. Registration fee for various categories will be as follows:

| Category | Without late fee | With late fee |
|-------------------|------------------|---------------|
| Full delegates | ₹ 600/- | ₹ 700/- |
| Student delegates | ₹ 300/- | ₹ 350/- |

The last date for the registration without late fee is January 01, 2011. Registration Fee is to be paid by Demand Draft in favour of "Director, SLIET" payable at Longowal/Sangrur.

WEATHER & ACCOMMODATION

Weather will be pleasantly cold. Outstation participants will be suitably provided accommodation in the Hostels, Transit Accommodation and Institute Guest House.

IMPORTANT DATES

| | |
|--------------------------|------------------|
| Submission of abstracts | January 01, 2011 |
| Intimation of acceptance | January 03, 2011 |
| Full paper submission | January 20, 2011 |
